

WONDERWOOD LAMINATE FLOORING

INSPIRED BY NATURE. CRAFTED WITH PASSION.

Collection 2017/2018

LUXE LAMINATE RANGE

New Hydromate Flooring

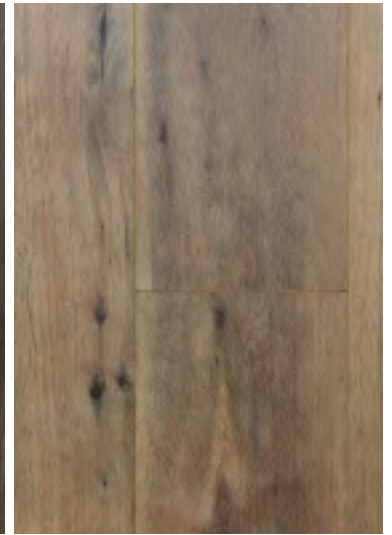

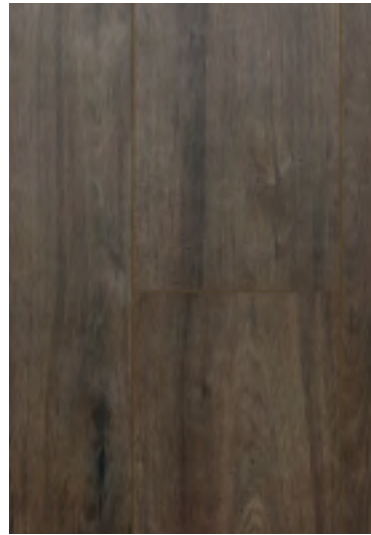

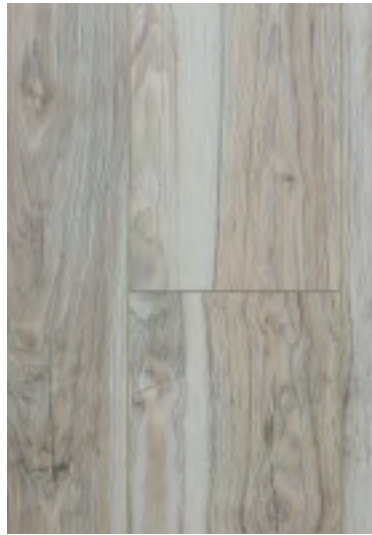

More water resistant than ever

Your flooring needs to stand up to the wear and tear of everyday life. The new Hydromate range has been created with a tighter clicking system and a protective aluminium oxide layer. This clever design prevents liquid from finding its way under the surface of your floor.

Choose Hydromate for:

- A stunning visual finish
- Superior quality
- 48 hour water resistance
- Reduced risk of swelling and distortion

Other floorboards are instantly susceptible to damage from water and other liquids. While Hydromate is not 100% waterproof, it provides better protection against everyday liquid spills than any other product.

WARRANTIES

Wonderwood laminate products are guaranteed to be delivered free from defects in material and workmanship and are warranted in their original manufactured condition.

Gloss reduction and scratches caused by regular traffic are not covered by warranty. Laminate product warranties must be read in conjunction with Wonderwood full warranty wording and conditions.

To view all our terms and conditions, visit www.aventinogroup.com.

Embossed in Register refers to the embossing of laminate to perfectly match the wood grain design under the surface. It creates a unique finish which reflects the nature of the timber.

Wonderwood Premium and Luxe Laminate series achieve an abrasion resistance rating of AC4. These products are built for use in the home and to be supplied as flooring in light commercial premises such as offices, cafes and boutiques.

Wonderwood products have been tested by AWTA in three aspects: fire rating, slip resistance and abrasion resistance. Testing reports indicate Wonderwood products strictly comply with Australian Standards. To view our full testing report please request by email or visit www.aventinogroup.com

Wonderwood's Premium and Luxe Laminate products are easy to clean and maintain. Dust and stains can be easily removed by sweeping and wiping with a damp cloth. We do not recommend flooding the floors and cannot guarantee warranties will be upheld under these circumstances.
